Group Health Insurance

Protect your team

Group Health Insurance offers protection in the event of illness or injury by covering the costs of private treatment. It is highly beneficial to your employees and often increases employee retention and recruitment rates. It also offers you peace of mind should any employee require medical treatment.

Depending on the plan, the areas covered include:

- In-patient and out-patient treatment
- General practitioner and consultation fees
- Day-care treatment
- Oncology and non-oncology related treatments or procedures
